Dear President Hedrick and President Nelson,

On behalf of the more than 19,000 engineers, technical workers and pilots who are proud members of the Society of Professional Engineering Employees in Aerospace (SPEEA), IFPTE Local 2001, AFL-CIO, we strongly support your unions' demands for fair contracts.

As union members and part of the flying public, we recognize how AFA-CWA, AFL-CIO, and APFA members contribute directly to the airlines' profits. Your members deserve strong contracts that respect their hard work.

Your union members are standing up to corporate greed that forces flight attendants to fall behind even further compared to their industry peers in terms of pay and benefits.

SPEEA supports you in your fight for:

- Long-term security
- Benefits
- Flexibility
- Livable wages
- Respect

SPEEA, IFPTE Local 2001, AFL-CIO is proud to stand with all of you on the picket line at the Worldwide Day of Action, June 13, and more to show our support.

We are united with you – corporate greed won't fly!

In solidarity,

**SPEEA Executive Board**

**John Dimas**  
President

**Dan Nowlin**
