Subject: Pre-Submitted New Business: Distribution and Disbursement of STEM Funds

Background

The SPEEA NW Council commissioned the SPEEA NW STEM Grant Review Committee to review applications and recommend a distribution of the budgeted STEM fund, which is \$30,000 for the 2022-2023 year. SPEEA received 37 applications for support to STEM related activities. The committee has met to review the applications and discuss the fund distribution. Our grant award recommendations are summarized in the table below.

The vast majority of the applications are from FIRST Robotics teams.

Other non-robotics activities were evaluated for recommended grant awards of relative value on that scale.
