

August 13, 2020
NW20-015

To: NW Council Members
From: Rick Mochow(ACT Chair), Daniel Sergent(R-3), Joel Funfar(AR/IFPTE VP)
Subject: **PRE-SUBMITTED NEW BUSINESS: Provide Non-Represented District Rosters**

Background

NW ACT committee has a role in developing and supporting activists within SPEEA, including recruiting and support to Council Representatives and Area Representatives. In districts where there are no known activists, ACT attempts to encourage regular members move into these roles. These efforts have been hindered because ACT leadership has not been able to obtain rosters of represented employees in those districts. Concern about having too much information available to a few members, including Council Representatives, may be among the possible reasons for this.

District rosters include more information about the employees in a district than is needed for most of the efforts NW ACT proposes to undertake. Information that should be included in the ACT roster are:

Building	Floor	Mail Code	Employee Name	Union Code	Work Phone	Job Last Hire Date	New	No E-mail	Work E-mail Address
----------	-------	-----------	---------------	------------	------------	--------------------	-----	-----------	---------------------

MOTION

It is moved that: **NW Council supports NW ACT Committee outreach to members for the purpose of recruiting Council Representatives and Area Representatives in districts where there are no CR or AR among the members. For this purpose, SPEEA staff is requested to provide NW ACT Committee a district roster when NW ACT requests a roster for recruiting activists. If necessary, develop a tailored format to be provided.**
