

## District S-12 (Vote for FIVE candidates)

---

### **Scott Reida**

I have served as an Area Representative for a year, gaining valuable insights into the benefits of being a SPEEA member. Recently, I became a Council Representative, where I've spent six months advocating for members on performance plans and management issues while promoting greater involvement. I believe everyone deserves to be heard and respected.

My long-term goal is to be a trusted support for my colleagues and to join the negotiation team for the next contract. If I continue as a Council Representative, I will use my knowledge to assist those in need and advocate for our collective concerns.

In summary, we are stronger together! I encourage everyone to vote, get involved, and make your voice heard.

---

### **Joymesia Lee**

I am running for re-election to continue representing District 12 because I am passionate about helping others, building our membership, and aiding in positive change in the workplace. I have been a dedicated member of SPEEA for 10 years, previously serving as an Area Rep and Teller. I served my 1st Term as a Council Representative beginning November 2023 and that was the best decision I have made. During my 1st Term I successfully assisted members with the issues and concerns they brought forward and would like the opportunity to continue those efforts.

It is my goal to be the voice of our members, so I am asking for your vote to help me continue to promote growth and change for our membership.

Thank you in advance for the opportunity to SERVE!

---

### **Stephanie Marsh**

I am running for Council Rep. to be a strong voice for our membership. I have been in the SPEEA union for approximately 1 ½ yrs now. I was in the IAM union for several years. I have been at Spirit for 10 yrs with a total of 24 years in Aircraft. I have also been in production management so I have seen both sides of the coin and I feel like that will give me an advantage when standing up for our members. My approach is to collaborate with others for the betterment of membership. Strength comes in numbers, and I intend on doing my part in building up our membership through respect, honesty and showing others why it is important to join us.

I am asking for your vote and would be honored to serve you!

### **Ponolar "Evette" Washington**

I've been a proud and dedicated SPEEA council member for 15 years. I am seeking your continued support for re-election. I bring to this position my experience, my passion and my unwavering commitment to advocate for our membership and community. If re-elected, I will remain committed to tackling the challenges we face, such as benefits membership, contract negotiations, and fairness in the workplace. Making sure that every voice is heard. Your trust and support are invaluable to me. Together, we can continue to build a prosperous and inclusive future for all. I ask for your vote and look forward to the opportunity to serve again.

Thank you for your continued confidence.

In solidarity,

Ponolar Evette Washington – Council Rep District S-12

### **Angela Hottle**

Advocating positive change within the workplace resonates deeply with my personal and professional ambitions. Serving on the RISE Leadership Council and on the GNF Board of Directors has equipped me with the skills necessary to lead thoughtful discussions, facilitate meetings and drive initiatives that support what we, the members, wish to see. My determination to make a difference, coupled with my knowledge and skills, enables me to contribute meaningfully to the labor movement by actively listening to members' concerns and amplifying our collective voices. By running for Council Rep, I aim to ensure that our union remains responsive to our evolving needs, adeptly navigating challenges while striving for continuous improvement in working conditions and benefits. I am eager to support SPEEA's commitment to workers' rights and collective bargaining while working alongside others who are equally committed to creating a better future for our workforce. Everyone's voice should be valued.

### **Emily Forest**

It has been my pleasure serving and representing WTPU as your S12 Council Representative for 5 terms, as MW Secretary 3 terms, and 2 terms as MW Council Chair. During this time, I have learned a tremendous amount and have built a firm network to support our members in various aspects. I am very active in our union, serving as your MW Council Chair I attend meetings with Spirit CEO's bringing your issues to the table in open discussions. Also, on the MW & National L&PA committees, I have voiced to our legislators not to outsource WTPU/WEU jobs, keeping lines of communication open, & supporting solidarity. I would truly appreciate to be given the opportunity again to serve as your S12 representative as we enter negotiations with the company on a new WTPU contract. I believe that with your support, membership, and solidarity we can do great things together!

---

### **Wes Gardner**

In my years as a council rep, I've had the opportunity to meet and learn a lot of valuable information from many people. I've had the opportunity to help SPEEA members with questions, appeals, performance plans and several other management issues where the employee needed SPEEA's help. I worked on the outsourcing counter proposal for SCM procurement and assisted on the contract negotiation team.

I strive to use my experience and training to help those who need it. I would like to continue being a point of contact that others feel comfortable confiding in to help them, and to continue working on solving issues and making changes that benefit all of us daily

SPEEA isn't about me, and it isn't about you, it's about US. We're stronger when we stand together.

Make sure your voice is heard, **VOTE**.

Thanks for your consideration
